# RADIO CLUB FARES WELL IN NATIONAL CONTEST

The MSOE Radio Club, W9HHX, made contact with 431 stations throughout the United States in a 40 hour period to rank 38th in the annual American Radio Relay League Sweepstakes contest. Some 75 amateur radio clubs and operators competed.

Though the 38th place rating was not as well as W9HHX had expected, it ranks as somewhat of a moral victory since the MSOE Radio Club "outscored" the University of Wisconsin, 60,500 to 51,000 points.
